

Player Of Week

Coach Burke has picked John Causey, offensive halfback and defensive linebacker, as player of the week.

John played a tremendous game against Clewiston, both offensive and defensive. John ran ten times, picking up 100 yards, scored once on a 17 yards smash through the middle of the line, and scored one P. A. T.

As defensive linebacker Causey was a terror. Once he tackled the Clewiston ball carrier behind the line jarring the ball free and recovering the fumble.

Police Charge Breaking-Entering To 8 — Seeking Others Of A Gang

Three juveniles were apprehended by Patrolman McCoy and Sherrod for breaking and entering the Forrest Five and Ten.

Lewis Lora, 34, is convicted of breaking and entering with intent to commit grand larceny; Donald Bentley, 17, has been picked up in Ft. Lauderdale on a warrant issued by Judge Tyson for B & E to commit grand larceny at Oasis Bar.

Shawano DD Taxes And Bills "Paid"

In a letter to all landowners, President Luther Jones of the Shawano Drainage District reports: "First you will note your taxes are exactly the same this year as last year, there being no increase. Despite the fact that costs are increasing all the time, efficient operation of the District has resulted in no increase in your taxes."

"All obligations of the District have been paid in full, and there are no debts except the bond issue, with which you are all acquainted."

"During this year, the Board has collected and paid in advance thirty bonds, totalling \$30,000, thereby reducing the annual interest requirements and reducing the debt of the District to \$1,420,000. All regular bond maturities and interest coupons have been paid on time. In 1964 an additional twenty bonds will mature and be paid and possibly we will be able to call some additional bonds."

"The collection of taxes for 1963 was the best of any previous year in the history of the District."

Dr. Grady Elected Pres. Of C of C At Annual Meet

James Kelly, a suspect and other are wanted for raiding the Right-Way-Cleaners on Ave. C of clothing, laundry, television set and miscellaneous other items. James "flew the coop" before police got him.

Sergeant Follen and Lieutenant Lowery are busy compiling and sorting information which he believes will clear up 15 to 20 other acts of breaking and entering.

The Forrest episode was done by three juveniles age 8, 9 and 11. The youngest was squeezed in through a very small opening allowed by prying the door. The eight-year-old then opened the door and allowed his companions to enter and help themselves to youthful fancy.

"Apparently there is a connection between some of our prisoners and many heretofore unexplained breakings and enterings, and when the information has been sifted and classified, we hope to nip the operating gang and convict numerous others not now under arrest," said the Sergeant.

Informers on one job and plodding by the other produced the result that information and involvement of others on other jobs were given the police.

B. G. Rams Trounce Clewiston 28 to 12

Belle Glade's next score was a safety scored when Cary Wall hit Mike Mazzara in the end zone following the kickoff.

Belle Glade's last score was a beautiful series of passes from Charles Thompson to Eddie Buckner. The combination clicked on 4 straight passes covering 107, 19 and 10 yards, with the last one scoring a touchdown. Charles Thompson completed 5 of 7 for 64 yards with one intercepted.

Clewiston scored in the first quarter on a 30 yard double reverse with Bo Lindsey scoring the touchdown. The attempt Kick was no good. Their next score was a 2 yard plunge by Alberto Morrell, capping a 65 yard drive in the second quarter.

Charles Thompson rushed 7 times for 45 yards and Eddie Buckner ran 4 times, good for 34 yards. This P. A. T. Rams play Stuart at Belle Glade. From the scouting reports and last Friday's score against Ft. Pierce, the Rams will be in for a hard game at home this week.

College Students Injured In Crash

Two area youths returning from Palm Beach Junior College were injured in a car crash Friday at 4:05 p. m. On Oct. 18 on Sr. Road 40.4 miles east of the city limits of Belle Glade.

Trooper W. B. Richardson of the FHP said a Ford truck driven by Rufus Brown, negro, Belle Glade, was hit on the right rear by a 1955 Chevrolet driven by Norman Michael Roberts of South Bay. Both vehicles were traveling West.

Brown said he had his turn signal on, his truck turned to the left, crossed center line and into left shoulder, making a right turn back across center to Hecker Farms. Roberts said he didn't see the turn signal and as the truck came back into the road crashed into it. The skid marks showed 25 feet before impact.

Richard Chappell, Belle Glade occupant in the Chevrolet, was taken out by an unknown passerby. Both boys were taken by ambulance to Belle Glade Memorial Hospital. Roberts was hospitalized over night, suffering from facial lacerations. Chappell was under sedation for 5 hours and 100 stitches on right side of face and around side of eye were required to close a severe cut. He also had arm lacerations. He is getting along alright and expects to be released soon.

The driver of the truck was not hurt. He was charged with improper right turn at intersection. The Chevrolet valued at approximately \$350 was a total loss.

5,126 Glades Voters— 12 Independent Females; 23 Uncertain Males 252 Republicans—4,849 Democrats Eligible

Without order in numbering, the seven Glades voting precincts are identified by Supervisor Gorman, showing 4,849 confused Democrats, 252 disturbed Republicans, and 35

Cane Growers Field Day Wed., Oct. 30

includes Variety, Pests, Disease

Sugarcane will be in the lime-

light during a field day at the Everglades Station here October 30.

The meeting will open at 8:30 a. m. with discussions of ne-

matode problems and sugarcane nutrition. This will be fol-

lowed by a tour of sugarcane variety plots at the station and the herbicide experiments at the United States Sugar Corporation near Clewiston.

Following a Dutch treat lunch the tour will continue with ob-

servation of variety plots at the Glades County Cooperative mill site and herbicide trials at Perry Ranch.

Dr. W. T. Forsee, Jr., chemist in charge of the Everglades Sta-

tion, will preside over the field day program. Station sci-

entists participating on the pro-

gram will be J. R. Iley, W. H. Kahl, Dr. W. C. McCray, F. L. Kahl, Dr. J. R. Orsenigo and Dr. J. A. Winchester.

8:30 A. M. Assembly at Everglades Experiment Station.

8:40 A. M. Discussion of sugarcane research.

Netmatode problems in sugarcane.

Sugarcane Nutrition.

Tour of sugarcane variety plots.

Travel to Clewiston.

Tour of sugarcane herbicide experiments at United States Sugar Corporation.

Lunch at Clewiston Inn (Dutch Treat).

8:00 P. M. Tour of sugarcane variety plots at Glades County Coop. mill site.

Tour of herbicide trial at Perry Ranch.

8:30 P. M. End of tour.

Conference Race Showdown To Come

Belle Glade's Rams are in

hitting distance of the Conference Title with three wins and one tie. Vero has four wins and one tie.

P. Pierce and Seacrest each have no losses.

Seacrest has not been scored on, while they and the Rams are tied for total points—72.

Vero has totalled 96 points while opponents have added up 19; the Rams have had 21 points scored against them.

Peacock at Pahokee is leading in total score—40, while the Rams' Thompson accumulating 38.

Belle Glade's next opponent is Stuart with no wins 7 points against opponents 5.

Parade, Booths, Games, Rides

Highlight Halloween Carnival

Everyone is busy getting ready

for the big Halloween Carnival on Thursday night, Oct. 21, on the football field. The colorful

costume parade is expected to draw a large number of children. They will line up at 5:30 and start at 5:45. The usual prizes for various costumes will be given. John Kinlaw and Jim Wierengo will be in charge and appoint judges for the event.

All kinds of games will be featured, rides, and food booths.

Games and booths will include Fish pond; Ring Toss, piggy banks, target shoot, cork gun, balloon darts, Milk Bottle throw; Cotte Bottle Ring toss, Horror House, puppet show and others.

Food booths will be sponsored by various organizations and in-

dividuals: Hamburger stand—Rotary and Lions; Sweet Shop—Sigma Phi Sorority; Drink Stand—Boy Scouts, cotton candy—C. E. Crichfield-Pope Corp.—Jo Royal and Vice Green—The Cornes—Scouts; Hot Dog Stand—BPW; Red Hart Fish Fry.

There will also be horse rides wagon and carts, tractor and hay rides.

The Girls Scouts will act as baby sitters.

RADIO NAVIGATION FACILITY VORTAC very high frequency Omni directional Radio Range Tactical Air Navigation

The Air Traffic Control facility located on the Glades Airport will be open Sunday, October 27th from 11 to 5 p. m. so that the public may visit and learn just how this electronic and radar "brain" makes it safer for our planes, private, military, and airlines.

These or similar facilities under control of the Federal Aviation Agency are located approximately 50-60 miles apart, so that planes may determine direction and distance from these given points.

Facilities are located at WPB, LaBelle and Ft. Myers, Orlando and near Miami, in this area, and are operative continuously. Back in '32 the airline safety record was 15 passenger fatalities per 100 million passenger miles; in '62 the fatality rate was 0.27, marking the 11th consecutive year that the rate has been less than one.

Planes, equipment, pilots and other personnel, are under the supervision and control of Federal Aviation Agency; they control flight traffic; the FAA has helped reduce the accident rate in American flying.

The Pahokee facility is in charge of Maintenance Personnel — Larry Hewitt who transferred here from Garden City, Kansas, and Ted Garner who came from Houston, Texas. Both have been here since Oct. of '61.

Prior to '61 the ATC facility was operated and maintained by West Palm Beach Federal Aviation Agency.

Common Cold Major Medical Cause Of School Absences In Florida

The common cold continues to be the largest single factor contributing to the 24.9 days per school year the average Florida student is absent from school, according to a study by Schering Corporation, a leading pharmaceutical company.

Using statistics from the National Education Association, the study reveals that Florida ranks 43rd in days attended per pupil. The best attendance record for the 1962-63 school year was set by the state of Washington with an average of 10.5 days missed.

Utah was second with 11.2. The national average of school absences was 18.9.

Medical surveys indicate that children of elementary school age have five times as many colds as do adults. According to a 1963 U. S. Public Health Service report, respiratory illnesses were responsible for injuries during the 1961-62 school year.

The first onslaught of colds strikes the school almost as soon as children reassemble for the new year. One contributing factor to this, according to research scientists, is that spread of colds like other virus-caused infections is accelerated by the mixing of populations. In fixed stable groups which are not exposed to strangers, cold-like infections tend to die out, and do not reappear until there is contact outside the group.

The best defense against the common cold is prevention. Warm clothing should be worn, and good diets planned. Whenever possible avoid contact with a person suffering from a cold.

Agriculturally Speaking

by
JOHN CAUSEY
Associate County Agent
Glades Area

Last week your County Agent's Office held a meeting of sugar cane growers in Belle Glade which was well attended by growers from the entire Glades area. Considerable interest was generated in the discussion of the control of the Sugar Cane Borer. Mr. George Mann, Entomologist from the USDA Cane Breeding Station, Canal Point, recommended that growers should apply Emdrin for the control of this insect but should be applied only to fields that have been checked and show more than 5 percent of the plants infested with the Sugar Cane Borer. This checking should be done in the late spring or early summer and if found to be infested severe enough apply at 3 week intervals 2 percent Emdrin granules at the rate of 15 lbs. per acre or at the rate of 12 lbs. of 2 percent Emdrin granules on 2 week intervals if infestations remain high. Applications should be repeated until the infestation has been brought under control, usually 2 to 3 applications are sufficient. Emdrin is best applied as granules which fall into the whorl and leaf sheath of the plant. If this material is put on without first checking, to see if sufficient numbers of insects are present, the growers may kill the natural predators that can build up to levels giving natural control of the borer and should be avoided.

The second subject that was discussed was the virus known as Ratoon Stunting Disease (RSD). Dr. Edwin Todd, Sugar Cane Pathologist also of the USDA Cane Breeding Station, made the statement that fields that had been planted with untreated seed generally have 60 percent and often much higher percentage infection with this virus disease. He said the greatest effect of this disease is in the reduction of yield of sugar per acre and with some varieties may be as much as 30 to 35 percent when compared with virus-free fields. He stated that the spread of this disease is primarily by cane knives and other tools contaminated with infected juices and that a very rigid sanitation program should be carried out by the grower or harvester to sterilize these harvesting tools before moving into a virus-free field.

To establish a virus-free field the seed cane should be heat treated with hot water at 80 degree centigrade for 2 and one-half hours. This should be done very carefully as the treatment can affect the bud germination of the seed cane and by the same token poor treatment will not kill the virus in the seed and consequently carry it to the field to be spread through the planting. Dr. Todd urged all growers to establish RSD-free seed fields and to practice rigid sanitation methods to keep these fields disease-free using this source as a supply of seed cane for rotation plantings.

Dr. Stanley Hooks, of the Oklaanta Sugar Company, reported that their experience with heat-treated cane gave at least one extra ratoon crop in their plantings.

Dr. Forsee, of the Everglades Experiment Station, announced that there will be a Sugar Cane Field Day Wednesday, October 30th starting with an assembly at the station grounds at 8:30 in the morning. The group will visit various research plots and will conclude the Field Day in Glades County at 3:30 in the afternoon. Sugar Cane growers are urged to attend.

UNCLE DAN from DOOLIE says:

Dear Mister Editor:
I see by the papers where they cooks this got out Supreme Court to take prayer out of the public schools ain't having much success with that atheist colony they started.
It don't surprise me none fer nobody to be doing so good that don't believe in some sort of Supreme Being. I ain't qualified to speak on the legal end of prayer in the schools and it could be the Supreme Court was holding according to law, but they didn't noid asin a fellow having a prayer in his heart. I ain't never felt out with a fellow over what kind of politics or religion he's got, so long as he's got some. But I believe everybody ought to have a little politics on his mind and some sort of religion in his heart. I heard a preacher say once that a atheist was worried about gitting a shirt over his wings when he ought to be worried about gitting a hat over his horns. And that about sums up my feelings in the matter. A fellow's religion might not be deep as a well or as wide as a church door, but so long as he has got some, they was hope fer him. It was a comfort to me, when things looks bad with Russia.

Leadership Training Courses Held; Girl Scouting In Full Swing

Mrs. Judy Pearce, staff member of the Palm Glades Council, concluded a Leadership Training Course in the basics of Girl Scouting last Thursday. The service that they may become program changes initiated last year are now in full swing. No revisions have been made in the purpose "of inspiring girls with the highest ideals of character, conduct, patriotism and Scout International Friendship and resourceful activities."

The course offered to new leaders a deeper understanding of the foundations and workings of Scouting. For experienced leaders, the course answered questions concerning procedure and renewed their enthusiasm.

All troops have planned interesting schedules of activities. New Brownies are to be invested into Girl Scouts in individual troop ceremonies as soon as requirements have been met. The leaders of the Brownie troops are: Mrs. Rena Rorer, Mrs. Joan Levy, Mrs. Edith Bridges, Mrs. Irma Reser, Mrs. Majorie La Garde, Mrs. Lynette Thompson, Mrs. Ernestine Leavitt and Mrs. Lois Kahn.

Junior Girl Scout Social activities are being combined with regular work programs. Troop 281 is planning a Halloween party on October 29th. They are combining this holiday with Scout International Friendship and have decided to dress in costumes of other lands. Troop 41 is now working on their Personal Health Badges.

Investure and rededication ceremonies for these troops will be held in the near future at which time badges earned at the close of last year will be presented. The Junior Girl Scout Troop leaders are: Mrs. Betty Kilder, Mrs. Nancy Smith, Mrs. Nancy Creech, Miss Jane Young and Mrs. Nancy Carpenter.

Cadet Girl Scouts will provide a baby sitting service at the Halloween Carnival to be held at the Belle Glade High School. The Baby Sitting Booth will be open at 6:30 p. m. or directly after the parade. The Cadet Scouts are also scheduled to conduct the flag ceremony, November 2nd at the high school in conjunction with the F. H. A. program. The leaders of this troop are: Mrs. Eleanor Wolfe, Mrs. Lou Sprinkle, and Mrs. Claire Murray.

Cub Scout Pack 622 To Meet Saturday Nite

Cub Scout Pack 622, has changed the regular meeting date from the fourth Friday of the month, to Saturday, Oct. 26 on account of conflicting meetings. All cubs are reminded also that the meeting will begin at 7 p. m. sharp, instead of 8 heretofore. Den No. 4 will present the skit for the evening. Same meeting place Jamison Hall.

A SIDE OF CABBAGE

Year after year, the farm program of each succeeding Administration takes it on the chin. Here's another example mined by Rep. Richard L. Rudolph (R-Ind.) from the Portland Oregonian:

"The Lord's Prayer has 58 words, Lincoln's Gettysburg Address has 266; the 10 Commandments, 297; the Declaration of Independence, 300. But a recent Government order on cabbage prices has 26,911."

Instantly...Anytime...Electrically!

With a super-fast, super-safe, silent electric water heater you'll enjoy plenty of hot water for every need... with flameless cleanliness and peace of mind. It's completely automatic and carefree... just install it and forget it. No flame or constant-burning pilot light to worry about...no burner to adjust...no unpleasant fumes.

Since a flameless electric water heater needs no fuel, it can be tucked away anywhere. All the heat goes into the water—none is wasted up a vent.

More than a million Florida families have switched to electric water heating... because flameless makes the BIG difference. See the new models—round, square, or counter-top—at your appliance dealer, plumbing or electrical contractor.

FLAMELESS ELECTRIC WATER HEATING IS A SNAIP! *Average family spends the \$100.00 for a water heater... \$14.95 saves a year.

There's no match for flameless Electric Living... IT'S CHEAPER, TOO

ILLUSTRATED ABOVE is the Town Center at NALCREST, the new four and one-half million dollar retirement community of the letter carriers in central Florida, which has been made available to local retirees.

Letter Carriers Invite Local Senior Citizens To Retirement Center

Auby E. Davis of the local branch 4686 of the National Association of Letter Carriers announced today that on behalf of his letter carrier membership retirees of the Belle Glade area, he has invited to join the letter carriers at their new Florida retirement community, NALCREST.

According to Mr. Davis, NALCREST was originally constructed as a retirement haven for letter carriers. However, realizing that others would enjoy this type of retirement living, the letter carriers enlarged the scope of their project to accommodate retirees from this community.

NALCREST is a four and one-half million dollar self-contained community in central Florida with its own shopping center, post office, 500-seat auditorium, marina, swimming pool, and other services necessary for modern living. In addition, the community has thirteen hundred feet of private lake frontage and facilities for some of the best fishing and hunting to be found anywhere in the United States. Encompassing 150 acres and containing 500 apartment units, NALCREST is designed especially to suit the needs of senior citizens. Efficiency and one-bedroom apartments are available on a non-profit basis ranging from \$69.50 to \$174.50 per month.

Mr. Davis has requested that those interested in taking advantage of the local letter carriers invitation can contact him at WY 6-3545 or write to Box 63, Belle Glade, Florida.

Swamp Buggy Race Elects "Mud Duchess"

With the approach of the 15th annual Swamp Buggy Days Oct. 25-27, speculation is increasing as to who'll win the title of "Mud Duchess."

Naples' Swamp Buggy Derby was first held in 1949 as the climax of a one-day celebration. Since the event has grown into a three-day affair, featuring dances, a parade, beauty contest, beard contest and other events.

The Powder Puff Derby is a recent innovation, but it's caught the crowd's fancy, and the threat of a trip to the beauty parlor hasn't dimmed the enthusiasm of the women drivers who don't mind the swamp gumbo pancake makeup applied by the slipping wheels of the ponderous buggies.

Honored On 50th Anniversary

Mr. and Mrs. W. R. Hooker
Wed Oct. 20, 1913

Mr. and Mrs. Hooker
Celebrate 50th Anniversary

The sons and daughters of Mr. and Mrs. Walter Ross Hooker had the rare privilege of entertaining their parents on the occasion of their fiftieth wedding anniversary, Oct. 20, 1963. They held open house from three to six at the Hooker home on West Lake Road and entertained many friends and relatives who called during the afternoon. All of the eight Hooker children and most of the husbands, wives and grand-children were present for the happy occasion.

More than 200 guests were greeted by Mr. and Mrs. Hooker and asked to sign a guest book by Miss Margaret West, a daughter relative of the family.

Lovely floral arrangements of yellow roses and giant Fuji gladioli adorned the living room. The anniversary table was covered with a white lace cloth, underlaid with a gold satin cloth. A four tiered gold pedestal cake centered the table, with low arrangements of yellow sweet-smart roses, and silver coffee service completing the beautiful setting. The six daughters and two daughters-in-law wearing identical gold cymbidium orchid corsages served the guests during the afternoon, assisted by Miss Sara Lee Creech, a long time friend of the family. Mrs. Hooker's corsage was a gold calla lily and the men wore gold carnation boutonnieres.

Walter and Gladys Hooker came to the Belle Glade area in December of 1920 and literally landed on the north bank of the Hillsboro Canal at what was then the little town of Chosen.

Those who are familiar with early Glades history will know the canal afforded the only approach to this area at this time. The Hookers arrived almost at the spot where they now reside, 1633 W. Lake Road, with their four oldest children, Margaret, R. Y. Creech, Jr., Mary E., now Mrs. Ray Roth; Jeanne, now Mrs. Herbert Lloyd, and Robert. The Hookers have 23 grand children and 2 great grandchildren.

Trick Or Treat For UNICEF Children To Call Oct. 30

Fun through sharing at Halloween Children of the Junior Department of the Community Methodist Church will be among the millions of youngsters sharing the holiday by Trick or Treating for United Nations Children's Fund Oct. 30. The children will meet at Johnson Hall at 6:45 p. m. and will go out and canvass the city between 7 and 8 p. m. Other children between the ages of 9-11 are welcome to join them. UNICEF is helping millions

of children and mothers to better health in more than 100 countries and territories in programs of disease control, nutrition and maternal welfare. Each coin collected by Trick or Treating means food or medicine for the hungry children of the World.

Each child participating will have an identification and each group will be accompanied by an adult or member of the Woman's Society of Christian Service. Householders are reminded to have a supply of coins on hand when they hear the familiar chant of the "Trick or Treat" for UNICEF. The young people will be dressed in costume and will be carrying a milk carton supplied by a local dairy with the official orange and black identification of a mother holding a child.

Mrs. H. V. Dras, chairman, announces children of other denominations wishing to join the group may do so, following the canvassing which will be approximately an hour, the children will return to Johnson Hall where they will be entertained with games and music and refreshments of punch and cookies.

Eleven From St. Philip Benizi

Parish Attend Annual Convention

Three hundred and thirty Holy Name men attended the one-day annual convention of the Diocesan Union of Holy Name Societies last Sunday, Oct. 20, at the Passionist Monastery and Retreat House in North Palm Beach. The Convention Mass was celebrated for the delegates at 11:15 a. m. at the House Chapel.

The main speaker at the convention was Father John J. Nevins, director of the Catholic Welfare Bureau of Duval and Monroe Counties. Father Nevins, assistant pastor and St. Hugh Church in Coconut Grove, is also assistant secretary of the Diocesan Board of Catholic Charities.

Father Nevins spoke on "This

Holy Name Man and Apostolic Action."

Louis Fink, staff writer for the Holy Name Journal and assistant vice president of the Trust Company of Georgia, in Atlanta, gave the keynote talk: "Cooperation between Clergy and Laity." New Diocesan officers were then elected, who were installed after Sacramental Benediction.

Attending the Convention were J. C. Bowen, Vernon Dierker, J. R. Finan, R. E. Hotard, C. Lockmiller, August Kirchman, Charles Modecki, Joe Murphy, Larry Nash, Carlos Ruiz, and Al Weber.

The Convention concluded with a liturgical procession for which about 700 people were present.

South Bay Baptist To Hear

Former Pastor At Homecoming

The First Baptist Church of South Bay, homecoming service will be on Sunday, October 27, Rev. Warren F. Capell, a former

pastor of the church will be the speaker at the morning and the evening services.

Rev. Capell is presently an associate with the Training Union Department of the Florida Baptist Convention. Rev. Capell served the First Baptist Church of South Bay for approximately three years around 1940. Rev. Capell will pastor lead the chapel to have a Standard Training Union program. Dinner will be served by covered-dish in the Education Building at the close of the Morning Worship Hour.

All former members and friends of the church and the speaker are given a special invitation by its membership to attend all of the Homecoming Services.

Episcopal Youth At Deanery Meet

The Episcopal Young Churchmen from St. John the Apostle Church in Belle Glade attended the Annual Fall Palm Beach Deanery Meeting and dinner, Sunday, October 20th, at St. Andrew's Church in Lake Worth.

Twenty eight parishes and missions were represented at the meeting including the entire Glades area. Fr. Lossing served as the Officiant at Solemn Evensong following the meeting and supper.

Attending from Belle Glade included: Margie Townsend, Claudia Ludlow, Allison Cann, Jane Zumpf, Diane Sheehan, Dawn Hill, Shirley Young, Grete Jones, Mike Zumpf, Jeff Altman, Barney Altman, Steve Wilkinson, Fr. Lossing and Mr. and Mrs. Floyd Collingsworth sponsors.

Power Of Prayer

"Prayer" declares an eminent American psychiatrist, "has a very important place in psychiatric treatment. Obviously, there is small value in the mere hasty mumbling of a formula of words. Nor should prayer be a medium of barter with God — 'If you do this for me, I will do that for you.' Such prayer is reminiscent of the pack rat, which hoards something valuable, perhaps jewelry, leaving in exchange a scrap of paper or pebble. But true prayer is by which I mean sincerely lifting your mind and heart to God — can change your life."

Carl Gustav Jung, the famous Swiss psychologist, who taught that a person's psychological troubles can better be understood by analysis of his present situation than by unearthing his childhood fixations and conflicts, shared this opinion. He wrote: "In thirty years I have treated many patients. Among all my patients in the second half of life, every one of them was really healed until he regained his religious outlook. If more people realized the POWER there is in prayer, more people would use it."

George Meredith said: "Who rises from prayer a better man, his prayer is answered."

Churches of Christ Scientist

A Bible Lesson on the subject of "Probation After Death" will be read this Sunday at all Christian Science churches.

Golden Text: "The people that walked in darkness have seen a great light. They that dwell in the land of the shadow of death upon them hath the light shined" (Isaiah 9:2).

Related readings from the Christian Science textbook include these lines: "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 457).

Gospel Meeting

DATE: Oct. 27-Nov. 2
TIME: 7:30 P. M.
PLACE: Church of Christ
125 N. W. Avenue D

TOPICS:
SUNDAY — "By What Authority Doest Thou These Things?" (Matt. 21:23) Harry Darrow, Jr. Belle Glade, Fla.

SUNDAY — "Ought Not Christ To Have Suffered These Things?" (Luke 24:26) Dale Spung Lake Worth, Fla.

MONDAY — "What Think Ye Of Christ?" (Matt. 22:42) Nat Cooper, Opa Lucka, Fla.

TUESDAY — "Unto What Is The Kingdom Of God Like?" (Mark 9:36) W. Ray Duncan — West Palm Beach, Fla.

WEDNESDAY — "Is Christ Divided?" (I Cor. 1:12) Tuck Andrews, West Hollywood, Fla.

THURSDAY — "What Must I Do To Be Saved?" (Acts 16:30) Elmer Morgan, S. Miami, Fla.

FRIDAY — "If A Man Die, Shall He Live Again?" (Job 14:14) Albert Lemmons, Hialeah, Fla.

SATURDAY — "For What Shall I Profit A Man, If He Shall Gain The Whole World And Lose His Own Soul?" (Mark 8:36) W. Ray Duncan — West Palm Beach, Fla.

"Come And Let Us Reason Together" (Isaiah 1:18)

Traveling Witnesses Visiting Local Church For Special Activities

Fred J. Barnes, traveling representative of the Watchtower Bible and Tract Society of Brooklyn, New York, is visiting the local congregation of Jehovah's Witnesses this week.

This announcement was made today by Miles P. Crum, presiding minister of the Belle Glade congregation.

Crum stated that this semi-annual visit constitutes a special week of activity for the local congregation. Tuesday at 7:30 p. m., Barnes will participate in the local ministry school and service meeting, following which he will deliver a talk on "The need for regularly serving God."

"Following this talk," Barnes will outline the week's activity. Throughout the week he will visit the meetings of Bible Study Groups which are attended by residents of Belle Glade and surrounding communities.

TODAY'S meditation

Chaplin Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read III John 1-8

You are my friends if you do what I command you... This I command you, to love one another. (John 15:14, 17, RVSV).

Once when I arrived in a distant part of our district, I found that a supply of water and wood had been provided for me during the first day there. I used all the water and wood. The next morning, I took my pails and went to the spring for water.

I assumed that my action had gone unobserved, but I was mistaken. The local minister and the headmaster of the school reprimanded me. "It is a disgrace for you to draw your own water. You are our guest."

There is a parable here. By virtue of our decision and our life, we have the very great honor of being friends of Christ. If it good to remember this. But we must also remember that Jesus said, "You are my friends if you do what I command you." It is a disgrace for a Christian to stand idly by when he can be of help. It is beneath our dignity as Christians to withhold service.

PRAYER: O Lord, impress Thy commands upon us that we may always be looking for ways of fulfilling them. Use us as Thine instruments for speaking kindly words and giving friendly assistance to others, friends or strangers. In the Master's name we pray. Amen.

THOUGHT FOR THE DAY

I will not stand idly by when I have opportunity to give expression to my Christian faith.

Barnes and his wife, also a full time minister, will assist the local congregation each day in the proper method of teaching the Bible in the homes of the people, a Christian principal practiced by the Apostles in Jesus' time.

A special meeting will be arranged Saturday evening at 8:00 p. m. when Mr. Barnes will consider how to improve the efficiency of the personal ministry and discuss information learned during the last few weeks through Bible Study in the local congregation. His visit will be climaxed on Sunday afternoon at 3:00 p. m., when he delivers a special Bible discourse entitled "Building a Happy Human Family."

There is no gain so certain as that which arises from sparing what you have.

—Publius Syrus

Episcopal Guild Plans Annual Dinner-Bazaar

The St. Elizabeth Guild of the Church of St. John the Apostle held their regular monthly meeting on Wednesday night at the home of Mrs. James Winchester at 8 p. m.

Mrs. E. M. Lively, president, called the meeting to order and Mrs. Barnes Smith presented and inspiring Devotional.

A most informative program was given by Mrs. Benjamin Weeks on "The Altar & Vestments" followed by "The church Symbols" presented by Mrs. Richard Shoemaker.

During the business meeting following the program, chairman gave their monthly reports and Mrs. Myron E. Ludlow, chairman of the Annual Tur-

key Dinner to be held from 5:00 to 7:30 p. m. November 21st, reported on progress along with a report from Mrs. Eddie Jones, chairman of the bazaar.

Guild ladies have tickets for this event which is an annual affair and enjoyed by many Belle Glade citizens.

Following the meeting refreshments were served to twenty two Guild members by the hostesses, Mrs. Winchester and Mrs. R. H. Lewis.

SHOP LOCAL STORES

"Dear God..."

When Grandmother was a girl, prayer was no stranger to her. She learned early to turn her thoughts to God and to ask Him for courage and for guidance.

The country was younger then. Men were still probing physical horizons in search of a better life for their families. Their quest took them to the sea in ships, or along the danger-filled trails to the West. Sometimes the women shared their peril. Other times they stayed at home and waited, and that was even harder. But whichever their course, they prayed.

Our horizons are different today, and our lives filled with less danger. But we need prayer just as much — if not more — than we did in Grandmother's day.

Remember that prayer is our greatest source of strength. If the habit of prayer has become unfamiliar to you, start rediscovering it by attending church services regularly.

Greer-Quirk Vows Exchanged

MR. AND MRS. THOMAS J. QUIRK

Sacred Heart Catholic church. Her finger tip veil of illusion Lake Worth was the scene of the Saturday ceremony uniting in marriage Miss Esther June Greer of 911 Sylvan Lane, Lake Worth and Thomas J. Quirk, 820 North D. St., Lake Worth. The 11 a. m. rites were conducted by Monsignor Rastatter in a double ring ceremony.

The bride is the daughter of Mr. and Mrs. James L. Greer, Belle Glade; his parents are Mr. and Mrs. Thomas Quirk, Lake Worth.

For her wedding the bride chose a floor length gown of nylon silk organza over taffeta. The fitted bodice with a satin bound neckline was fashioned with Chinese silk embroidery and seed pearls. The full skirt enhanced with panels of em-broidery, fell into a chapel train.

Her finger tip veil of illusion was attached to a queen's crown of crystals and iridescent pearls. She carried a cascade bouquet of feathered carnations, stephanotis and baby's breath, centered with a detachable orchid corsage in center.

Her father gave her in marriage. Mrs. Marie Quirk, sister-in-law of the bridegroom was maid of honor in a turquoise organza over taffeta sheath with an over skirt, accented by a flat Dior bow in front. Her flowers were a cascade of light pink carnations.

Kenneth Gougeon of Lantana was best man. The mother of the bride Mrs. Greer, chose a pink brocade enhanced with panels of em-broidery, fell into a chapel train.

tired in a pure silk turquoise sheath dress, with white accessories. Both wore white orchid corsages.

Following the ceremony a reception was held at the Lake Worth American Legion Hall. After a wedding trip to North Carolina the couple will be at home after Nov. 4 at 911 Sylvan Lane, Lake Worth.

Mrs. Quirk is secretary at First Federal Savings and Loan Association of Lake Worth. Mr. Quirk is customer service representative at Southern Bell Telephone Co., Lake Worth. He served three years in the Marine Corps, including one year in Korean conflict and six months in the Mediterranean.

Purcell-Barnes Vows Exchanged

Billie Elizabeth Purcell and Donald Marion Barnes were united in marriage at the First Baptist Church of South Bay on Sunday morning at 9:00 a. m. with the Pastor, Rev. James A. Tanton officiating.

Mrs. Barnes is the daughter of Rev. and Mrs. James Purcell of Nashville, Tennessee former residents of South Bay. The bridegroom's parents are Mrs. A. B. Barnes of South Bay and the late Mr. Barnes.

Attendants were Denise and Harold Barnes of South Bay. The bride wore a two-piece blue suit.

The couple after spending a few days on a wedding trip will reside in South Bay. Mr. Barnes is a Deputy Sheriff of the Palm Beach County Sheriff's Department.

Roger Cunningham, Jr. Honored On Birthday

Roger Cunningham, Jr. who was 10 years old last Friday celebrated his birthday with a group of friends attending a wienner roast from 12 to 2 o'clock. His mother Mrs. Roger Cunningham entertained at their home on S. E. Ave. F.

After enjoying the wienner roast and birthday cake decorated with a football decal the boys played games including football and with a gas airplane.

The guest list included Roland Nelson, Kevin Connell, Timmy McKee, Gerald Pittman, Billy Thibault, Howell McCall, Dickie Snow, Scott and Steve Berryhill, Raymond Cunningham, Jerry Smith, Mike Smith, Eddie Boswell, Eddie Cunningham and Walter.

Assisting Mrs. Cunningham in serving were Mrs. Floyd Smith, Cynthia Cunningham and Debbie Sellers also guests.

Sweet Sixteen Party Honors Irene Ashley

Mrs. A. O. Leffingwell entertained Thursday night at a "Sweet Sixteen Party" and a slumber party, honoring her daughter, Irene Ashley, on her sixteenth birthday at their home on Wedgworth Rd.

Before coming to the party the girls attended the football game between Belle Glade Junior Rams and Riviera Beach in which the local team won.

Bringing their own instruments including banjos, ukuleles and bongos and records with Irene playing the piano, the eleven girls put on a "hoot-enanny" and really had fun.

The birthday cake was beautifully decorated with blue roses and gold leaves and inscribed "Sweet Sixteen, Irene." The candles were blue and gold, also carrying out the school colors. Cake and ice cream were served.

The slumber party was enjoyed into the wee hours, as there was no school on Friday.

Attending Girls Scout Convention In Miami B.

Representing Belle Glade at the 36th National Convention in Miami Beach on Thursday will be Mrs. Evelyn Allen and Mrs. Eleanor Wolf. They will be working with the inside traffic committee. Robert J. Allen will be in the public relations booth and will also attend a men's luncheon at the Fontainebleau Hotel.

Attending on Wednesday were Mrs. C. J. La Garde, Miss Jane Young and Mrs. Clarence Kid-well, also in local Girl Scout work.

Parents Announce Engagement

ESTHER MARGARET FRIEDHEIM

Mr. and Mrs. Joe Friedheim announce the engagement of their daughter, Esther Margaret, to David A. Masters, son of Mr. and Mrs. A. B. Masters, Elkton, Fla.

The bride-elect is a graduate of Belle Glade High School and Florida State University Tallahassee. She is currently employed by Chase Federal and Loan Co., Miami.

The bride-groom-elect graduated from Little Rock College and is presently teaching at Archbishop Curley High School in Miami.

A December wedding is planned.

Delegate To Nat'l Girl Scout Meet

Mrs. Robert J. Treble, the former Elizabeth Bregger of Belle Glade, is representing the Far West Girl Scout Council of Aberdeen, Wash., at the 38th national convention in Miami Beach, Monday thru Friday.

Mrs. Treble enroute visited her brother, John Bregger and family at Orange, Texas and her sister, Mrs. Edith Strong and family at Winter Park, Fla. She came by Belle Glade to visit with her mother, Mrs. Thomas Bregger and will return here following the convention.

A former Belle Glade Girl Scout when Mrs. Martha Freeman organized a troop here, Mrs. Treble is still interested in scouting.

Elizabeth Bregger Treble

Belle Glade Personal Notes

Mrs. Velma Tyler is attending the school of nursing at St. Mary's Hospital, West Palm Beach. She came home every weekend to be with her family.

Mrs. Vic Green, Mrs. Emil Wolf, Mrs. C. J. La Garde and Mrs. Dick Murray attended the PTA County Council meeting in West Palm Beach last week.

Mr. and Mrs. Robert Walker and children Cindy and little Robby from Orlando, enjoyed a visit of several days with her partners, Mr. and Mrs. Ralph Kirk.

Mrs. J. I. Freedlund returned from a six weeks vacation and visiting Mrs. H. H. Hart at Seely's Bay, Ontario Canada. She was accompanied home by Mrs. Hart, who will visit here. Enroute to Canada Mrs. Freedlund stopped over in Alexandria, Va., where she was guest of Captain and Mrs. Jack Johnson, former Belle Glade residents. Capt. Johnson has been reappointed by the Navy to same location in navy intelligence.

Mrs. Rosa Nash, Mrs. Gladys Jones, Miss Kathleen Rogers and Miss Helen Hart attended the State BPW Board meeting held at Naples at the Beach Club Hotel, Saturday and Sunday.

Mrs. Beulah Stone and daughter, Cheryl, were weekend guests.

B. P. W. Club Hears Reports

The Belle Glade Business and Professional Women's Club held its regular business meeting at the Ev. Federal Savings and Loan building, Monday night, Mrs. Kathleen Rogers, presided in the absence of Mrs. Gladys Jones, President.

Reports were heard including the mid-year state board of directors meeting held at Naples, Oct. 19-20, which was attended by Mrs. Rosa Nash, Mrs. Gladys Jones, Miss Kathleen Rogers and Miss Helen Hart; Mrs. Jaunita Croft reported the club members participated in B. P. W. Week by attending the church of their choice on Sunday a. m. followed by a luncheon at Pelka's Restaurant, and attending an all day meeting of the Pahokee Club, with Mrs. Helen Parades, state president made her official visit.

Announcements were made of an invitation to attend the Indian BPW Club's all day meeting at the Seminole Inn, Nov. 17 with Mrs. E. Brown, state standing membership chairman as a visitor. Reservations for this meeting must be called in to Mrs. Croft, WY 6-6572 by Nov. 5; also a state leadership conference to be held

OCT. 24, 1963 THE HERALD, Belle Glade, Florida Page 5
at Pompano Beach Nov. 9. Reservations to be made by Nov. 2.
Miss Rogers explained the school millage, urging everyone to vote yes on Nov. 5. The club voted to sponsor the hot dog stand at the Halloween Carnival, Thursday, Oct. 31.
Mrs. Joe G. Boyd was voted into the club as a new member. The next meeting will be conducted at the home of Mrs. Gladys Jones on Nov. 18. Subject will be Legislation.
Hostesses were Mrs. Pearl Taylor and Mrs. Kathleen Livingston.
Mr. and Mrs. E. C. Mapp had a most delightful vacation of two weeks as guest of Mrs. Nell Scullen at Whittier, N. C. They took trips all over the mountains, enjoying the beautiful foliage on the trees and the cool mountain air which was as low as 28. Mrs. Dora McWhorter accompanied them on the trip and visited her son and wife Mr. and Mrs. O. G. McWhorter. They returned Tuesday night.

DOWN

The Early Birds League

Night Owls have won 19 pts. for first place, Blue Birds 17 for second and Fire Birds tied with Waldo for third with 15 points each. Robins are close behind with 14. Skylarks 13, Ibis 12 and Woodpeckers 7. High teams went to Night Owls, 1744, Blue Birds 1689. Fire Birds 1631. High team games were won by Firebirds 643; Night Owls 691 and Blue Birds 563. Winning high individual sets and games were Peggie Wedgeworth 488; J. Tucker, 473 D. Graber, 451; C. Busbin 188; P. Wedgworth 174 and 173; L. Cameron 174, B. Hudspey.

Savanna League

K. Chapman & Sons in first place with 15 points, and a two-way tie for second with 14 pts. between Billy's Shell Service and Badcock Furniture. Bill Graber of Billy's Shell Service took high honors for the week with a nice 170, 212, 215, 597. Other games of 200 or better were won by Mel Stanley and Pete Johnson, both of Goham Coastal Motors, 217 and 212 respectively. Danny Wallis of Billy's Shell 210 and 202. Buddy Little of Badcock Furniture 204. Ted Venus of Venus Construction Co. 203. Bill Elliott of Billy's Shell 200. Carl Gilliam of Badcock Furniture 200, and Marlan Chapman and Russ Fox both of K. Chapman and Sons, 200.

Geneva's Drive-In won 4 pts. from Ezehls Plumbing Thursday night in the Badcock Furniture Handicap League to move up to

Ron Marlowe is handing to Athletic Director Harry Davis the keys to a new car for the use of the RAMS during the half at Friday night's game. The use of the car is a joint financial arrangement between the Athletic Council and the Ron Marlowe Ford Dealer.

Your Library

That pungent blended scent of printer's ink, library paste, and shellac which clings to new books for a few fickle weeks, is already losing its potency in these three, all of which bear this year's copyright. Like some of the '63 cars, still in the showrooms, these deserve better advertising. They are better-than-ordinary treasures.

The Collector, John Fowles

As the blurb exhorts, this one has "devastating power," probably the most shattering of which is the hold it gets on the reader, who cannot put it down. Frederick Clegg, a clerk, collects butterflies. After he wins a sizeable amount of money in a football pool (Great Britain specializes in these) he decides to add another prize to his collection, and carefully plans the kidnapping of Miranda.

The Dry Divide, Ralph Moody

He buys a house, furnishes it with meticulous care, and installs the captured Miranda in a basement room where he holds her for two months. The first person narratives shift from his version of the imprisonment, to her secret diary and the horror which she reveals in it.

Gladiettes League

Wallis Pharmacy first place winners with 21 pts; Goham Coastal Motors second with 18 and one-half; Glade Sugar House 15; Oyster Cattle Hauling 14 and Kirchman Co., 13 and one-half. High individual games and sets were won by E. Johnson 185; M. Orster 176, 489; A. LaFayette 452; M. Eggleston, 178, 445. High team games and sets Wallis Pharmacy rolled high team set 1894 and high team game 690; Goham's 1979 set and Kirchman Co. 672 game.

Penny Ante League

I. O. U's (Elliott and Graber) in first place with 14 pts., tied by Non-Cents (Chapman's) and Grady's with 14; Four Pennies (Agevs and Marksmen) 13; Flat Busted Four (Richmonds and Leavitts) 12. High individual sets and games for women were D. Graber 178, 189, 499; B. Bryson 185, 471; M. Richmond 171, 460. Men's: B. Graber 532 set; J. Leavitt 212, 528; B. Elliott 214, 521. High team games and sets I. O. U's 709, 1997; Penny Pinnets 660 game and Four Bits 1889 set.

Lake League

U. S. Sugar Corp., Clewiston in first place with 22 pts., W. T. Grant, Frosty and Belle Glade Herald tied for 2nd with 14 pts. each. U. S. Sugar Corp. at Bryant tied with Vandergriff-Williams Farms with 10 each, for 3rd place. High team set 2518 was won by U. S. Sugar of Clewiston and high team game 667 by Frosty. In high individual games and sets Bob Goehart and Robert Brane tied with high sets of 539. Robert Brane headed the high games with 222, Bob Goodbread, 266. Bob Richardson with 206 and J. B. James with 202.

South Bay Trailer Park

in first place with 22 points; Badcock Furniture second with 21; Ev. Federal Savings and Loan tied with Polar Bear with 16 points. High team set 2107 was won by South Bay Trailer Park and also high team game with 765; Badcock Furniture rolled second high set 2103 and 674 game. In high individual scores Nona Pinegar won high game of 176 and Rose Goodbread high set 448.

Glades Chemical

rolled high team set 2720 and high team game 927. Berryhill Electric was second with 2870 set and 924 and 911 games. Bank of Pahokee rolled third high set 2654. Individual honors went to Bob McInerney with a 252 high game and 515 high set; Connell rolled

Growth And Challenge That Lies Ahead

(Editorial Comment)

A former Glades boy, Richard S. Hepper, returned to the Glades with a background of accomplishment with Southern Bell to give an estimate of growth of the Glades that carries with it a personal touch added to the professional.

We believe every business man in the Glades should read this and keep a copy at hand for ready reference.

We believe also that high school students should have an opportunity to study and discuss among themselves in civic government, public affairs, or history classes the story Mr. Hepper gives us.

In the telephone business no engineering activity of any importance, whether it involves a major job of locating and building a new central office or merely making an addition to existing cable and equipment, is undertaken without first making a forecast, and these forecasts must be based on facts. We must know our market. We must know how fast we have grown in the past, know where we stand today and then apply a good measure of judgment to project the future. Our business cannot be run on guesses or past trends alone. It is necessary to consider the underlying factors influencing such trends.

It does us all a lot of good every once in a while to stop and think about where we've been and then to consider where we are going and how we are doing. It reminds me of the little colored boy who went into the grocery store and asked the grocer if he could use his telephone. He said, "Sure, Rastus." Rastus dialed his number and the conversation went something like this: "Hello, Mr. Smith. Does you needs a boy to cut ya grass dis summer? Oh, Yount already has a boy? Do he do a good job? Oh, he do! Well, thanks anyway, Mr. Smith." The shopkeeper said, "Well, Rastus, you didn't get the job did you?" Rastus said, "Oh, yassuh, I've already got the job — I've just checked up on yassuh."

Florida was not United States soil until 141 years ago when the Flag of Spain was exchanged for the Stars and Stripes. \$6 million, or 17c per acre, was the price we paid—about the same amount that Americans spent last year for golf bags. Florida has the oldest history and the newest population of any state in the Union. The Spanish Conquistadors came here a full century before the English exiles landed at Plymouth Rock.

But the growth of Florida is a 20th century phenomenon. There were only one-half million people in Florida at the dawn of this century, and in 1896 when Flagler's railroad reached Miami, it was a trading post of only 500 people. Today, the state population is in excess of 5 1/2 million people and that little trading post of Miami has grown to one million people.

It is difficult to imagine that the bulk of the growth in our state has taken place since 1950. In fact, we have gained more population in the last 13 years than we gained in the previous 131 years. We were the fastest growing state in the nation during the last decade and our present rate of growth is approximately 3,200 persons per week. In 1950 Florida was the 20th largest state in the nation. Today, we rank 9th, and most people predict that we will rank in the top five in a few short years. This would make us one of the most politically powerful states in the nation.

We in Southern Bell have estimated that the state population will be eight million people by 1972, but to realize the significance of this figure you must remember that in 1950 we had less than 2 1/2 million people. Our population gain in this 22-year period from 1950 to 1972 would, therefore, be the equivalent of the present combined populations of North Dakota, South Dakota, Idaho, Nevada, Wyoming, Maine, New Hampshire, Vermont and Delaware.

There is a story told of two soldiers returning by ship from the last war and they were standing on deck, and one said to the other, "That sure is a lot of water out there." The other said, "Yes, it is, but you ain't seen nothin' yet—you're just lookin' at the top of it." And so it is with Florida. We need to look under the surface sometimes and see where and why we are growing and why this growth is taking place.

During the fifties the metropolitan area of Orlando was the fastest growing major metropolitan area in the United States, as its population increased by 125%. But even more astounding than this is the growth of Brevard County where the population increased by 371% in the last decade or ninety-five people as fast as the state's rate of growth. At the present time Brevard is the fastest growing county in the United States. It has grown from less than 24,000 people in 1950 to 156,000 today.

The population of the three Gold Coast counties, of Dade, Broward and Palm Beach more than doubled during the fifties as they added more than 800,000 residents. But with all the growth we have had in South Florida, what seems most certain is that we are destined to have much more. We in Southern Bell estimate that this three-county area will have 2,400,000 people by 1970. U. S. News & World Report recently published an article which predicted the emergence of a southeast Florida city of 6 1/2 million people, extending from Miami to Palm Beach, by the year 2,000. Now this sounds like a long way off, 37 years, but don't forget that it takes the intervening years of growth to reach this prediction.

The four West Coast counties of Hillsborough, Manatee, Pinellas and Sarasota have added more than one-half million to their population since 1950. Everywhere you travel in our State you hear of plans for another new city. They are blueprints, you rolled on restaurant tables, and these are not just idle dreams. The 1960 census reported the population of Palm Beach Gardens as one person. Today, there are more than 2,000 people. Port Charlotte, which was only a cattle ranch five years ago, now has 10,000 residents. Home towns are growing so big that they are hard to recognize, and it is impossible to get an up-to-date map of this area because the earth movers and the bulldozers are constantly on the move cutting new streets, roads and superhighways.

Four of the five largest manufacturing plants in Florida didn't even exist in our state in 1950. During this period Central Florida attracted the largest industrial employer in the state, the Martin Company, which now has over 10,500 employees. And here in Palm Beach County we got one of these plants, Pratt-Whitney.

Only eleven months ago General Electric announced that Daytona Beach would be headquarters for their newly created Command System Division which will serve Project Apollo and which will eventually employ upwards of 3,000 people. 1,350 of these people have been employed and are now buying homes in the Daytona Beach area. And you can be sure that other industries, many of them subcontractors, will follow General Electric to Central Florida. This project of sending men to the moon has captured the imagination of many people. This space race which we are in has thrust upon Florida opportunities unparalleled in our state's history.

In 1910 the population of this county was 5,277. The official

census of 1960 showed the population to be 228,106. During the fifties our population nearly doubled and this area was the fourth fastest growing metropolitan area in the United States.

As Pete told you, I lived in the Glades for three years between 1933 and 1934, and I like to think that I lived here when it was in its infancy, because the dike was under construction, the Australian Pines were being planted along the canals, the ox and the mule outnumbered the tractor, and I attended a little wooden schoolhouse on Bacon Point Road at Pahokee.

But relatively speaking, this area WAS in its infancy. Belle Glade wasn't on the map until 1916 and wasn't incorporated until 1928, the year of the big storm. It is difficult to believe that so much could be accomplished in the Glades in such a short span of time. You have had to conquer many problems! But you took hold of a reluctant, water-covered soil, and after painstaking pioneering, made it pay.

Since World War II the population trend in America has been away from the farms and rural areas to the cities. In this respect you have been fortunate. Your population has grown, much the same as the Australian Pines have grown. According to official census figures, the combined population of District Five and Okeechobee County increased by 46 percent during the Fifties, from approximately 26,000 to 38,000 people. A combination of factors have contributed to your growth. FIRST, your wonderful location on beautiful Lake Okeechobee, your unparalleled climate and the unlimited opportunity afforded from your black-gold soil have all played a part. SECOND, you have been willing to experiment. You have built one of Florida's largest cattle auction markets and you have contributed greatly to Florida's present position as the fourth largest beef cattle raising state east of the Mississippi. Cattle raising has presented you with some of the stiffest kind of problems. Nutritive pastures had to be grown from scratch. The fever tick had to be eradicated. Scrub stock had to be replaced. But you have conquered these problems, and both you and the state have reaped many rewards from your efforts.

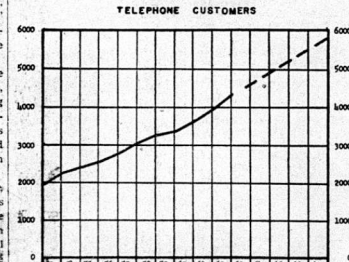

THIRD, because you businessmen of the Glades have exemplified the spirit of risk-taking that I mentioned earlier. You gamble millions of dollars every year against the risks of weather and competing production. Many of you have been nearly wiped away by hurricanes or successive seasons of bad weather that resulted in crop failures. Lesser men of lesser heart, soul and ambition would have given up — thrown in the towel — abandoned the area as a bad risk — but you did not. You have exemplified this pioneering spirit through the worst kind of trials — the kind of trials that have made this nation great — that have made it grow.

Growth is important. It is important to our morale, to our confidence, but even more essentially, we need it so that all people will have a better life. You have had the VISION to see new business possibilities, the WISDOM to evaluate the risks and the COURAGE to march down the road of innovation while retaining the best values of the past. But with every forward step there is more need, not less, for human effort and human brains. We either grow or we go backward. We need all our wit about us, but we also need something more; we need dedication, devotion and a sense of mission.

Everytime I talk to someone who sounds pessimistic about the future of our economy, I suggest to them that they should take a trip to the Glades and observe the optimism that is so abundant in this area. And gentlemen, I truly believe that hard work, confidence and optimism have been the ingredients that account for the success and growth of the Glades.

I have brought a few charts with me that I thought you would find interesting.

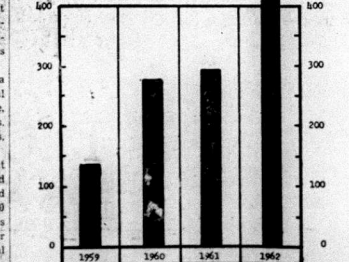

THE WESTERN HALF OF PALM BEACH COUNTY

This chart shows our growth of telephone customers in the Glades for the past ten years and our estimate for 1968. This covers the area from Lake Harbor east around the lake through South Bay, Belle Glade, Pahokee, Canal Point and Port Mayaca. It shows that in January, 1953, we had less than 2,000 customers and by January, 1963, we had 4,340. And by January, 1968, we estimate 5,840 customers.

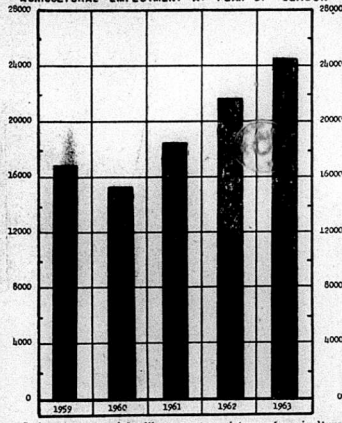

THE WESTERN HALF OF PALM BEACH COUNTY

ANNUAL INCREASE OF TELEPHONE CUSTOMERS

As you can see, this chart shows our gain of customers in the Glades for each of the last four years, but look at the big increase from year to year.

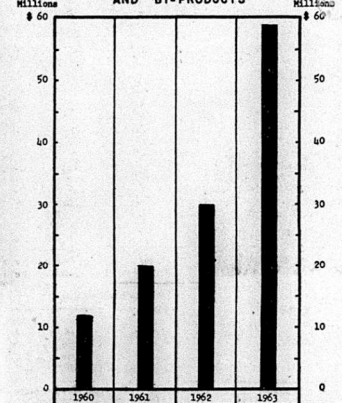

AGRICULTURAL EMPLOYMENT AT PEAK OF SEASON

I thought you might like to get a picture of agricultural employment over the last four years. Total agricultural employment for Palm Beach County is shown for the peak month of each of the last four years. As you can see, employment has really shot up in a four-year period. There was an increase of about 9,000 employees from 1960 to 1963.

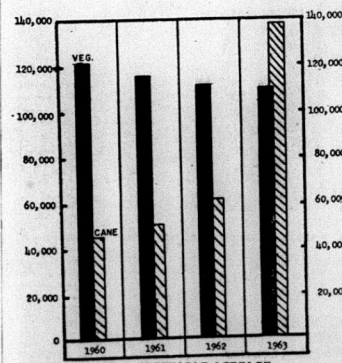

THE GLADES

SALES VALUE OF SUGAR AND BY-PRODUCTS

This chart shows the value of raw sugar and by-products sales for each of the last four years from \$12.5 million in 1960 to \$59 million this year. Gentlemen, this is one of the most fabulous success stories our state has ever witnessed. Sometimes we get so close to the happenings that we don't really realize the significance of them. But in case there might be anyone in the room who cannot visualize the importance of this growing cane industry, let me compare the value of your sugar mill building alone, which is more than \$60 million, to R. C. A.'s \$4 million plant that has meant so much to West Palm Beach and to the 22-story, \$14 million southeastern headquarters office of Prudential Insurance Company in Jacksonville, which has proved to be one of the biggest single contributing factors to its growth over the past nine years. Yes, and even compare this \$60 million to the original investment of \$42 million for the Pratt-Whitney plant. The value of your sugar mill buildings is equivalent to the original investment made by Prudential, R. C. A. and Pratt-Whitney combined.

SUGAR CANE AND VEGETABLE ACREAGE

I know you have seen a lot of land go to cane in the last couple years, and there has been a great deal of speculation as to how it has affected vegetable acreage. Here is the picture for the past four years. This chart reflects some figures released recently by Mr. Causey, of the Agricultural Dept. I think the significant thing here though is the fact that the overall harvested acreage jumped from 168,000 acres to 248,000 acres from 1960 to 1963. This represents a 43 percent increase in harvested acre-

age. Year after year our county leads the state in vegetable production. In fact, did you know that in 1959 34 percent of the value of vegetables sold in Florida were from Palm Beach County.

Time does not permit a full review of the progress that has been made and that which is planned in your area, but as an "East Coaster" let me say congratulations on:

- 1st The 72 percent turnout at the polls on Sept. 10.
- 2nd Your vision to plan and build a new 75-bed hospital.
- 3rd Your unceasing efforts to provide the very best education for your children.

You can and you should be proud of the educational opportunities you have made available to your young people. The practical courses in agriculture and the active organization of the F. F. A. in this area attest to the fact that you are anxious to provide every opportunity for your future citizens.

Tell your sons and daughters about the abundant opportunities right here at home.

One of my all-time favorite stories is about a farmer in Pennsylvania who decided to sell his farm because it did not present enough opportunity. He had a cousin in Canada who was a coal-oil dealer, so before he sold his farm he wrote his cousin and asked for employment; but the cousin said he could not employ him because he did not know anything about the oil business. "Well, then," he said, "I will learn about it." So he began to study the subject until he knew everything about it. Then he wrote his cousin and said, "Now I understand the oil business." And his cousin replied, "All right, then, come on."

That man sold his farm for \$833.75, even money, "no cents." He wasn't gone a week when the man who purchased the farm found a terrible looking scam on the top of the water where the cattle came to drink. The previous owner had not a plank across the stream at an angle to divert this scam so the cattle would drink the water on the down stream side of the plank.

That man who had sold his farm and gone to Canada had been damming back for 23 years a flow of coal-oil which the state geologist of Pennsylvania declared to be worth \$100 million. The city of Titusville now stands on that farm. That farmer who had studied all about the formation of oil, sold that farm for \$833.75 even money, no cents — SENSE. The grass is NOT always greener on the other side of the fence.

We in Southern Bell are here to labor and to serve. Our duty is to invest wisely, serve well and charge fairly. Your area has challenged us with some exciting goals and we want to work with you in the years to come, and I can assure you that we will continue to do everything in our power to help you build a great future.

Bond Issue FCD Bond Endorsed

The FCD Board unanimously endorsed the bond issue for public recreation which will be presented to voters on the November 5 referendum.

No new taxes will be required to finance the bond issue for public recreation. Ed Dail, FCD Executive Director, pointed out, as it will make possible acquisition of vast acreage needed for Florida for boating, fishing, camping, picnicking, nature study etc. — before land prices rise out of sight.

Do You Draw Social Security?

Some of the events which must be reported by all persons receiving social security benefits.

1. Earnings from all types of work if the beneficiary is under age 72 and expects to earn more than \$1200 during the year.
2. Death of a beneficiary.
3. Change in marital status — unless the beneficiary is receiving payments as a retired worker.
4. Change of custody of a child or other person for whom you are receiving benefits.
5. Change in address.

Marchette Winners In Boatcade Twirlarama

These lovely girls in their beautiful and colorful costumes won individual honors: 1st row 1-r. Sally Wood, 4th place medal in fancy strutting; Karen Mathews, 3rd place medal in baton solo; Kathy Reaser, 1st place trophy in fancy strutting and 3rd place medal in baton solo; Cynthia Cunningham 1st place trophy in fancy strutting and 2nd place trophy in one baton solo. Back row, 1-r. Debbie Lane, 1st place trophy in fancy strutting and 3rd place medal in 1 baton solo; Frances Collins, 1st place trophy in fancy strutting; Beverly Steele, 3rd place medal for fancy strutting; Pam Busbin, 1st place trophy for fancy strutting, Renie Jo Lane, 2nd place trophy in 1 baton Solo and 3rd place medal in Military strutting.

The Marchettes under the instruction of Mrs. Retha Cunningham had a very busy and eventful winning day at the Boat-cade Twirlarama held in Kissimmee Oct. 19. The three groups, Senior team Juvenile team, and Junior Corp came home with first place trophies.

The senior team is composed of Pat Lane, Eleanor Collier, Beverly Steele, Frances Collins, Pam Busbin and Kathy Holton.

The Juvenile team members are Kathy Reaser, Cindy Cunningham, Renie Jo Lane, Phyllis Caldwell, Donna Hooks, Karen McDowell, Cindy Vickery, and Sally Woods.

The group traveled by Trailways bus, which had a huge sign "Marchettes" donated by Jack Hollingsworth.

BG Junior High School Honor Roll

Celebrates 80th Birthday

Frank McMahon, a native of Pensacola and a later resident of Mobile, Ala., was entertained this week by two nieces Mrs. Bessie Bass and Mrs. Vera Jones at the home of Mrs. Bass on the occasion of his 80th birth day.

Mr. McMahon retired reluctantly at the age of 72 from the shipyard where he had been employed in Mobile, and came to Belle Glade to live with the Bass family several years ago.

Mr. and Mrs. Lee Hicks and son, Tammy visited Mrs. Mary McCarron this past week from Chattanooga, Tennessee.

Birthday Party
Honors Jack Hall

Jack Hall was honored on his 25th birthday on Sunday at the home of Mr. and Mrs. Don Scruggs, on S. W. 4th Street in South Bay.

At the get-together home

Mrs. Burkett Given Stork Shower

Mrs. Leon Burkett, formerly Miss Norma Nell Starling, was feted at a stork shower on Thursday evening, October 17, at the Educational Building of the First Baptist Church, South Bay.

Mrs. Burkett wore a beautiful corsage of rose buds presented her by the hostesses, and her mother, also wore a corsage of the same.

The evening was spent in playing games, conducted by Mrs. Bebe Denton and Mrs. Eric Hartline. Winners of the games were Mrs. Don Scruggs, Mrs. Thurman McKinley.

The refreshments were served from a table covered with an intricate lace table cloth augmented by a pair of candelabra and a cut glass punch bowl. Refreshments consisted of cake, punch, and mixed nuts. The

cake was decorated with the typical stork motif surrounded by a display of pink and blue booties and safety pins.

Hostesses of the evening were Mrs. Bebe Denton, Mrs. James Fenton, Mrs. Lucille Walker, Mrs. Eric Hartline, Mrs. Doris Davis, Miss Lola Ann Binkley and Mrs. Wm. Jeffries.

Guests were Mrs. Vance Broome, Jr., Mrs. Charles Burkett, Mrs. Barbara Austin, Mrs. Elma Hall, Mrs. Don Scruggs, Mrs. Mildred Garrison, Mrs. N. N. Starling (mother of the honoree), Mrs. H. C. Willis, Mrs. Jean Stevens, Mrs. Rebena Shultz, Mrs. Louise Hammett, Mrs. Katie Lou Martin and Mrs. Mary Campbell.

The evening was climaxed by Mrs. Leon Burkett the honoree opening her lovely gifts and an enjoyable time was had by all who attended.

Importance Of School Millage Increase Told South Bay PTA

The South Bay P. T. A. had their regular meeting Monday, Oct. 21st with Mrs. Ethel Jackson presiding. Mr. H. A. Ouellette introduced the guest speaker, Mr. Milton Carpenter, vice-chairman of the Palm Beach Board of Public Instruction.

Mr. Carpenter gave a talk on the importance of voting YES for the millage increase vote on Nov. 5th. He stated that our school system is strained to the breaking point, that we have more than 1000 students in double sessions, we have 102 portable classrooms in operation which means that over 8-

000 children are attending school in substandard facilities. In the next five years we will increase our enrollment by 4,000 new students and we must provide the type of education the children of this county deserve so consequently the millage vote must pass.

The second and seventh grades won the room count. The hostesses for the evening were Mrs. Kenneth Warren, Mrs. Carol Warren, Mrs. Daniel Shriver, Mrs. Norman Dalrymple, Mrs. Ray Waters, and Mrs. Judy Sullivan.

LAKE HARBOR NOTES

By W. S. C. S. - WY 6-2273

L. J. Gerry spent Friday in West Palm Beach on business.

Rev. and Mrs. Charles Eldon and son of Miami were guests at the home of Mrs. K. B. Eldon on Friday night.

made ice cream and cake were served to the guests.

Tenue attending were: Mrs. Elma Hall, (wife of the honoree), Mr. Donnie and Greg Scruggs, Mr. and Mrs. Thomas Williams and son Tommie and Mr. and Mrs. Robert Phobas and son, Jay who came over from West Palm Beach for the occasion.

Mr. and Mrs. Ted Blausner and Mrs. John D. Hemphill spent the weekend in Ocala with relatives. On Saturday they drove to Jacksonville where they met Miss Janie Lee and Billy Conley. They also visited Mrs. H. F. Arnold sister of Mrs. Hemphill.

Rev. and Mrs. Jameson visited their daughter and family Mr. and Mrs. L. O. Payne in Homestead on Monday and Tuesday.

Mrs. Jake Newman and Mrs. Bill Saxon were shopping in West Palm Beach on Wednesday.

Mr. and Mrs. Mack Robertson, Kim, and Scott of West Palm Beach spent Sunday with his parents, Mr. and Mrs. Frank Robertson.

Miss Mary Ruth Rogers of Miami spent the weekend with her parents, Mr. and Mrs. William Bailey.

Jimmie Mathis son of Mr. and Mrs. A. B. Mathis, Jr., is home leaves on Saturday after spending six months in Germany.

Assembly Program From The Faculty

Lieutenant Bill Mathis, Carl Waggoner and Sergeant Tom Hodges were the guest speakers in the safety assembly held for the students on October 15.

Mr. Carl Waggoner from the Farm Bureau Insurance stressed the importance of an attitude of responsibility and courtesy when one is driving. Lieutenant Bill Mathis quoted statistics on Belle Glade traffic accidents within the past year and a half which showed 488 cars involved in accidents, with 33 injuries. This year there have already been 40 injuries. Florida Highway Patrolman, Sergeant Tom Hodges, urged all the students to participate in starting a safety program in our own school.

Vaulto

Well, it's bunny time again. This doesn't seem very timely with Halloween just around the corner. But that depends upon whether you have seen the "Easter Bunny" trick or treat in years past - he has to get the candy somewhere, doesn't he?

It seems Vaulto, the hare, has just sprung on the scene. He is one of the more scholarly educators in attendance.

Mrs. Hill says one must project to be heard, but Vaulto merely projects his ears to hear. One might consider Vaulto as being a individualist. Many students are losing their individuality trying to be popular. Vaulto hasn't lost a trait yet, and he has been a rabbit all his life. Being an individualist, he caused Vaulto to be an outstanding student. Just because his ears are outstanding, he doesn't fold them down! He uses them. You should strive to be a learner - all of your life! Therefore, don't be afraid to wear your rabbit ears.

Senior Pictures Made

The senior class received their picture proofs from Averill's Studio on October 14. Each student chose the best of four photos to be printed. A packet of one 8" x 10", two five by seven, and twelve wallet size photos is being mailed for each senior. A print will also be used in the yearbook.

The finished pictures will be ready for the seniors in November.

be suppressed for fear of one's being thought of as forward and too bold. When a person comes up with a brilliant idea, he may be easily discouraged from following through on it because of the opinion of another person. Freedom of thought is nil unless accompanied by the will to express one's thoughts. Great men did not retain their ideas for their own lone contemplation. Society would be in a condition today if this had been true.

Is She

or Isn't She

Yes, she is among the best! If you see someone in a gold sequin uniform twirling two batons you can bet it will be Cherry Bridges, head majorette of the Belle Glade High Band.

Cherry performed a spectacular performance for an estimated 1500 persons last Friday night during the half-time show of the Belle Glade - Riviera Beach football game. She

It's Carnival Time!

Moms and Dads everywhere are getting their kids ready for the big night. Witches, pumpkins, ghosts and tramps are expected to make their appearance on this bewitching October night.

This year's carnival is expected to be a big success, with many games, food booths and prizes available than any year before. The tickets for all activities will be 15c each or 7 for \$1.00. A fish pond, target shoot, puppet show, ring toss and horror house are just a few of the exciting games offered to the children for their enjoyment.

There will be food for everyone. Hamburger, hot dog, and cotton candy stands will be scattered in various places on the field. The Scouts will sell Snow Cones and Sodas. The band will be in charge of the Sweet Shop. The small children will enjoy the horse rides, wagons and tractors while the teenagers will enjoy the hay rides.

The parade will start at 5:45 with silver dollar prizes being given to first, second and third place winners. Everyone planning to be in the parade is to meet at the football field at 5:30 for the line-up. The activities will start immediately after the judging of the costumes.

Concerning Food In Garbages!

By Ron Halbrook

I am informed that from the materials that I gave a Ram-Page Staff member, many readers of this page inferred that I reported the cafeteria as having served food which had been thrown in the garbage.

To set the record straight, I offer this as an apology and explanation to all concerned. I did not mean to convey the idea that food is served from the garbage collection of the day before. My true intention was to say that in order to meet our plans for lunch more palatable, the cafeteria staff is making an effort to ELIMINATE serving foods which are not preferred by a majority of the students to avoid waste.

I am sorry this mis-understanding came up and I will try to be more concise in my future reports. Meanwhile, I think we all owe the whole cafeteria staff a word of thanks for a job well done.

Junior PSAT

To those Juniors who took the Preliminary Scholastic Aptitude Test last week, relief is here. They are over now and worrying will do no good because the scores will not be available until the first week in December.

The primary purpose of the PSAT is to help the student in developing plans for college. The PSAT is also used by some scholarship sponsors in the consideration of applicants for awards. The PSAT is given in all parts of the United States and in foreign countries to students who wish to participate.

The PSAT is similar to the College Board's Scholastic Aptitude Test (SAT) which is required for entrance to many colleges. By taking the PSAT a student may be better able to judge his chances of being admitted to the college of his choice. A student will also be better able to compare his own grade with those of all the other who participated in the program. This will also give an indication to the performance of the student when he enters college.

One must remember that al-

CLUBS

The Future Teachers of America hold the first regular meeting of the year on October 15 in room 8. Barbara Collins, president presided.

Mrs. Stevenson gave a talk on the ideals of the club and suggested plans for the future. Miss Rhodes discussed the duties of the officers.

At the end of the meeting the members discussed some of the rules and other matters, which will affect the members and the meetings later on.

Bobbie Farmer was elected as program chairman.

Art Club
The Versatile Arts Club held

though test scores, such as this one, play a big part in college acceptance, they are not always as accurate as they should be. A given student may do much better work under different testing conditions and the opposite is also true. This PSAT is just the first of many tests that will be given the high school juniors or seniors and it should be considered good experience.

ATTENTION STUDENTS!

Stus in Grades 8-11 will have pictures taken Thursday, Oct. 31, 1983.
Dress apparel will be announced at a later date.

its second bi-monthly meeting last Thursday night in Room 17. Members furnished work on the art show display panels and began work on signs and markers for the Halloween Carnival.

A special meeting will be held tonight, Oct. 24, to complete the carnival work. All members are requested to please attend.

Beta Club
The possibility of selling school name pins to the ninth, tenth, eleventh, and twelfth grades was discussed at the last Thursday morning meeting of the Beta Club, which was held in the cafeteria.

These pins will have the letters BGHS and the number '64 attached with a small chain. An approximate count of those wishing to buy pins has been made by homerooms. The pins will sell for \$1.00.

Ron Halbrook, head of this committee, says more information will be given later.

Belle Glade Bombs Clewiston

The Golden Rams, coming back after a 6-0 lead by Clewiston, rolled head over the Tigers in a non-conference game there Friday night.

Clewiston hit paydirt first on a reverse play by Bo Lindsey who ran 50 yards for the score. The Rams scored early in the second period on a sneak by Charles Thompson. John Causey ran the extra point.

Leading only 7-6 John Causey raced 17 yards over tackle to widen the scoring margin to 14-6. Then on the kick-off Cary Wall tackled Clewiston's Mike Morzina in the end zone for a safety.

Belle Glade scored again in the first half as a result of a Tigie fumble picked up by Roy Hayes. Two plays later Bucky Holt scored from the 11 and Charles Thompson passed to Johnny Dell for the extra point.

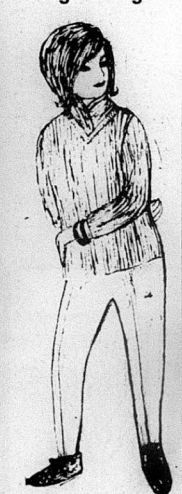

'Harvest of Shame'

by Ron Hallbrook
Galena 67 "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap." The context shows that a man who lives after the flesh shall reap corruption or eternal separation from God and a man who lives by the Spirit (Bible) shall reap everlasting life. This speaks of the "Harvest of Shame" concerning our conduct in this life and reward in the next. We are fingid in our daily lives at school that there is a great deal of truth in the words "Whatsoever a man soweth, that shall he also reap." We, the students of B. G. H. S. are reaping our Harvest of Shame.

Perhaps all of us have wondered why there is no ice cream in the cafeteria this year. When the Cafeteria Committee met with the cafeteria staff, this question was brought up and discussed. Why no ice cream? WE ask WHY? Some of our fine, upstanding, honest citizens made it a quite frequent habit to "forget" to pay for their ice cream; or, in the vernacular, they stole the ice cream. Well, "cutie-pies," the time for snickering is over; we must now taste (or should we say not taste) the bitter fruits of our Harvest of Shame.

Unfortunately has been hard to find any salt lately in the cafeteria, hasn't it? I wonder how that could be. Mrs. Binkley reports that there were well over 30 salt shakers at the beginning of the year. Mr. Groover has been warning us that one day the atoms would collide just right and the school would jump across the canal. Maybe that's what happened to our salt shakers; all but nine of them jumped out the windows. Some of us could offer a better explanation than that, couldn't we? Oh, haven't we pulled a good one on them! Ha! Ha! They don't have any idea where those shakers are. Ho! Ho! But some of our exemplary citizens don't know either. Ha! Ha! Say, this little joke gets better all the time — tee, hee — and

Tough Enough

Since the weather has been getting colder, the sportsweek look will probably begin to lean toward warmer clothes. The above is an olive green ribbed sweater combined with olive green stretch pants. A pink salt scarf is added at the neckline for a touch of color. The boots are tan suede and will go with one's entire wardrobe. Stretch pants, which will probably be big this year, tend to have a slimming effect when worn correctly.

Belle Glade Plays Stuart

The Belle Glade Golden Rams will meet the Stuart Tigers Friday night, Oct. 25. The game with the Tigers proves to be an interesting one.

Stuart has been having a little trouble this year and facing the Rams won't make things any easier. The Bleachers are expected to be filled with fans, cheering the Rams on to victory.

A dance after the game will be sponsored by the D. C. T. with victory music for everyone to enjoy. School dress will be required and an admission of 35c stag and 50c drag will be charged. All Belle Glade students are invited to attend.

Gossiping Gandy

What's this about you not getting enough sleep lately, Dick W.? Looks like Johnny Dell won't be going to many dances by himself in the future. Good or bad, girls? ? ? What's in W. P. B. that interests you, Eddie Mon.? We have heard that the park between Belle Glade and Pahokee has been turned into a football field. Is this legal? ? ? Frankie H. and Judy S. what does Key West have that Belle Glade doesn't. Why not tell us all! ? ? It seems that the Green's telephone bill has been going up lately. Wayne R. don't you know that only girls wear lipstick! ? ? Norma B. who have you been getting letters from lately? ? ? Care to tell us?

The Junior Varsity Wins Again

The Junior Varsity Football team still holds their title of undefeated and unscored upon after they slaughtered Riviera Beach 28 to 0 in Belle Glade, Thursday night, Oct. 7.

A punt blocked by John Brown Evans set up the first touchdown which was made by Tony Latour. The extra point was good making the score 7 to 0 in the half.

In the second half Tommy Wood scored two touchdowns in the first half. The final touchdown made by Bryant Davis was scored with 2 seconds remaining in the game. The Rams were successful in scoring the extra point on all four touchdowns.

—Pam Ingram

the first holiday of the 1963-1964 school year and was immensely enjoyed by all the students.

For the average student the day began somewhere between 9:30 and 11:00 a. m. After a leisurely breakfast of tremendous quantity, students began to enjoy their day off. West Palm Beach was a popular place for those who chose a day away from home. Some students actually went "old West" and rode horses all day! Of course the "faithful to the cause" Journalism class was out selling ads for the 1964 Rambler. Mrs. Luke was surprised by a group of students who gave her an impromptu baby shower at her home. Some heavy souls actually went water-skiing! But with all this going on there was still time for rounds, cokes at the Polar Bear, and the old standby: television.

CHAMBER OF COMMERCE
CLEAN UP
BELLE GLADE

Ad Sale

Up to the present time, the students have sold approximately one-third of the ads and will announce Ad Sales to the varsity following week. The journalism and surrounding areas began class has been selling ads during last Thursday. The businessmen in sixth period and after school are responding well to our sale, the past week.

New CHEVELLE!
by Chevrolet

Only this could come between Chevrolet and Chevy II. The Chevelle is a highly polished car on a trim 112-inch wheelbase. With its weight down in the 3,000-pound range, all of which makes it a sweet-handling, easy-to-manuever automobile. But it's roomy and relaxing inside, with the kind of ride you'd expect in a bigger car. And it's styled with a lively grace and refinement (note the curved side windows and pillars, for example) that make it a modest price all the more remarkable. A seat trick? We agree. But not so difficult really when you have the skills of seasoned Body by Fisher craftsmen to draw upon. And the advantage of Full Coil suspension developed by the same engineering talent that came up with the Jet-smooth Chevrolet's ride. And that irreplaceable Chevrolet spirit in a choice of four engines—V8 or 6—including optional at extra-cost versions all the way up to 220 hp. Small wonder this one turned out the way it did. Did we say too? Actually there are 11 models—wagons, sedans, sport coupes, convertibles—in three series. Even some cars that have been around for quite a long time don't give you a choice like that. Sound like something you ought to check into further? Consider this invitation for a real look-raising, door-planning, seat-bouncing, wheel-turning time of it at your Chevrolet dealer.

See five entirely different lines of cars at your Chevrolet Showroom — CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

Charter Member Night Observed

At the regular meeting of Belle Glade Chapter No. 187 of the Masonic Hall, Charter member Night was observed. Mrs. Madge Taylor was in charge of the program.

Mrs. Harold Royals, the only charter member present, was introduced and conducted to the various star points, each of whom gave an appropriate verse concerning the symbolism of the Point. Mrs. Taylor presented an appropriate address concerning Charter members, giving as par-

ticular qualities which should be exemplified in their lives, as poise, perseverance, and patience.

At the conclusion of the meeting, the refreshment committee composed of Mr. and Mrs. Robert Allen and Mr. and Mrs. Fred Simmons served refreshments to the twenty members attending. A Halloween motif was featured.

The next meeting of the order will be November 7.

Participating In "Show and o" At Camp Tanah Keeta

Scouting in Belle Glade was well represented by this group of Scout instructors and leaders at a training session held by the Gulf Stream Boy Scout Council at Camp Tanah Keeta. 1st first row, Bob Allen, Chuck Haines, instructor, Emil Wolf, Tom Parker, Standing Dick Murray, Dick Sheemaker, Paul Goldman, Frank Thomas, instructor, Reg Lewis, instructor, Myron Ludlow, Boy Scout Troop 601, Cub Pack 622 and Explorer Post 642 are represented by these men. Mr. Ludlow is shown holding ribbons won in the patrol contest.

The one day training session had approximately 75 leaders and instructors participating. The word Showand is actually Show and do. The 8 instructors gave various instructions in all phases of scouting. Chuck Haines, had one station and gave instruction on "Observation Trail; Reg Lewis, instruction on "Diamond hitch and Frank Thomas on "Whipping. How to preserve that High priced Rope." Bob Allen had a trailer with scout exhibits.

The men all had a big day after the instruction in training session and formed patrols, competing against each other. The Belle Glade group won 1 out of two, two out of 2nd and 3 out of third. Each one cooked their own supper on a mass charcoal fire, followed by camp fire ceremony. Everyone considered the training session a big success.

4-H Club News

The Campus Cuties held their weekly 4-H meeting Wednesday afternoon at the home of Mrs. Lewis. 4-H leader, who lives at the Experiment Station. We made plans for our Halloween party. Cathy Nehls furnished refreshments. Reporter Barbara Clarke.

Pixie 4-Hers
Club members met at the home of Mrs. C. L. Lee, leader on Oct. 21. Eleven members were present.

Mardiella Lee reported on 4-H county council, which she attended with Mrs. Lee and Peg Baughman on Saturday at West Palm Beach.

Christmas cards were distributed to the girls to sell as a money making projects. Plans were completed for the Halloween party next week and committees appointed. Prizes will be given for the best costumes. Members have almost all completed their green skirts and have purchased white material for blouses and scarves. These will have a 4-H Emblem on them and will complete the girls 4-H uniforms.

The girls learned two new songs. Strawberry Koolaid was served. Phyllis Geise, reporter.

Gator 4-H Club

The club met Friday, Oct. 19 and started working on their 4-H skirts of green.

A new members Cheryl Busbin was welcomed into the club, upping the membership of the group to 15.

Rhonda Suggs served delicious refreshments of brownies and punch.

Den 7 Entertains At Halloween Party For Their Parents

Den 7 was host to a Halloween party for their parents Saturday night at McDonald Park shelter. The boys decorated the shelter with pumpkins and Jack O' Lanterns. Orange and black crepe paper was used on the tables and pictures of pumpkins for place mats.

Games were played and they bobbed for apples. The cubs showed their parents what they do each week in their den. The boys in Den 7 are Donnie Hilver, Jerry Smith, Ronnie and Donnie Bryan, Jim Wright, Teb Burgess, Billy Gressinger, Stanley Hughes and Gerald Pittman. Boy Scout for the Den is Greg Jones, Den mother Ginny Bryan and Den Father Yates Floyd.

The boys served punch and cake for refreshments. Mother and father attending were Mr. and Mrs. Pittman, Mr. and Mrs. Smith, Mrs. Hilver, Mr. Bryan, Mr. and Mrs. Floyd also Ronnie Hilver, Mike Smith and Charlotte Hilver.

For better crops ... Agricultural Chemicals by CHEMAGRO

Dyrene

50% WETTABLE POWDER
FOLIAGE FUNGICIDE

Outstanding Fungus Control !

Dyrene effectively combats early blight, late blight and Rhizoctonia ... Greatly Increases Celery Yields ... Upgrades Quality

Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In 6 years of cooperative research and commercial use, Dyrene has proved its outstanding

fungus control of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage ... does not affect flavor or odor ... leaves no harmful residue. For finer celery and more of it, use Dyrene. It works! At your farm supply dealers.
